ADNAN DWERE

Junior Frontend Developer | React & Next.js

adnandwere1@gmail.com • +963958785240 • github.com/adnandwere-dev • adnan-portfolio-theta.vercel.app

PROFESSIONAL SUMMARY

Motivated and detail-oriented Junior Frontend Developer with hands-on experience building dynamic, responsive, and user-centric web applications using React, Next.js, and Tailwind CSS. Skilled in integrating RESTful APIs, managing client-side state, and implementing modern UI features. Possesses foundational knowledge in backend development with Node.js and Express.js, committed to continuous learning and writing clean, maintainable code.

TECHNICAL SKILLS

Frontend Development: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design

Backend & APIs: RESTful APIs, Next.js API Routes, Node.js, Express.js, PHP, MySQL, CRUD Operations

Tools & Workflow: Git, GitHub, VS Code, Postman, Vercel Deployment

KEY PROJECTS

Interactive Portfolio with AI Assistant

Next.js, React, Tailwind CSS, Gemini API

- Built and deployed a responsive personal portfolio using Next.js, achieving a 95+ PageSpeed performance score.
- Integrated Google Gemini API to power a real-time conversational AI assistant, reducing average query response time to under 1.2s.
- Implemented modular component architecture across 12+ custom UI sections with 100% cross-browser compatibility.
